### About this training course

**Build stronger, more accountable humanitarian programmes.** In a fast-changing humanitarian landscape, ensuring quality, transparency, and impact is more critical than ever. That's why we designed the distance learning course "*Designing Monitoring, Evaluation, Accountability, and Learning (MEAL) Systems*", a key skillset for anyone involved in humanitarian project management. Learn how to strengthen programme effectiveness, improve accountability to affected populations and donors, and make better, evidence-based decisions.

**Why choose our online learning experience?** Learn at your own pace while benefiting from Bioforce's proven training approach, fully accessible through our online platform.

- Interactive and engaging: quizzes, games, and dynamic self-learning activities
- Structured progression: regular tests to track your learning
- Collaborative: group work to learn from peers
- Personalised support: guidance from our training team every step of the way

With only 5% dropout rates (10 times lower than a typical MOOC), you're set up for success.

**86,8%** is the satisfaction rate expressed by participants in open courses in 2024.

### Strengths of the training course

- Group work
- Case studies

### By attending this training, you will get

- An HPass digital badge, a quality label recognised by the humanitarian community (subject to obtaining the average)
- A Bioforce attestation of competence (subject to obtaining the average)

## SKILLS TO BE COVERED

---

By attending this open training course, you will understand and apply appropriate approaches and tools of MEAL. And more specifically, you will know how to:

- Define concepts and approaches related to MEAL
- Design and use main MEAL tools (MEAL Plan, survey tools, evaluation report, accountability mechanism)
- Apply the MEAL approach in the implementation of humanitarian projects and programs.

## TRAINING COURSE PROGRAMME

---

**Week 1:** Quality approach and principles of a MEAL system

**Week 2:** Monitoring indicators and collecting data

**Week 3:** Evaluation: humanitarian assessment and formulation of recommendations

**Week 4:** Accountability and feedback mechanisms

## PROFILE

---

This training is for you if:

- You are responsible for monitoring and evaluation and want to develop your knowledge of MEAL tools and approaches.
- You are a field coordinator or project manager and want to improve your skills in MEAL principles and tools.
- Ideally, you are already familiar with the humanitarian sector and the main tools and challenges of the project cycle (logical framework, etc.).

Prerequisites: none

*Bioforce training courses are accessible to people with disabilities: a representative is responsible for welcoming, monitoring, and supporting people with disabilities before and during the Bioforce training project.*

## APPLICATION

---

### Step1: application

Click on the "Register" button at the bottom of this page, and complete the form. You will then receive an email (remember to check your Spam folder) giving you access to your Application Platform, where you can complete your application and pay your training fees (or download your training funding agreement). [Get a video preview of your Application Platform](#)

Please note:

- The application deadline is two weeks before the start of the course.
- Given the limited number of places available, we recommend that you apply as early as possible (particularly if you intend to benefit from financial support).

### Step 2: registration

Once we have received payment of the training fees (or funding agreement), and subject to availability of places, you are registered! You will then receive confirmation by e-mail, including all the practical details of the training course (location, detailed schedule, etc.). Enjoy your training!
