Monitoring, Evaluation, Accountability and Learning - MEAL

Lien vers la formation

ABOUT THIS TRAINING COURSE

In a constantly changing humanitarian context, ensuring the quality, transparency, and effectiveness of interventions is a major challenge. It is with this in mind that the distance learning course "Designing Monitoring, Evaluation, Accountability, and Learning (MEAL) Systems" was developed. This approach is now an essential pillar of humanitarian project management, enabling not only rigorous management of activities, but also greater accountability to affected populations and donors.

Benefits of online courses
At your own pace, all of Bioforce's learning expertise accessible through our online learning plateform! Group work, learning progression tests, animated self-learning activities will punctuate your experience. Playful and interactive resources (quizzes, games…) will help you to test your knowledge. And you can always count on the individualised support of the training team (only 5% of dropouts, that is 10 times less than in a classic MOOC!).

86,8% is the satisfaction rate expressed by participants in open courses in 2024.

STRENGTHS OF THE TRAINING COURSE

- Group work
- Case studies

BY ATTENDING THIS TRAINING, YOU WILL GET

- An HPass digital badge, a quality label recognised by the humanitarian community (subject to obtaining the average)
- A Bioforce attestation of competence (subject to obtaining the average)

SKILLS TO BE COVERED

By attending this open training course, you will understand and apply appropriate approaches and tools of MEAL. And more specifically, you will know how to:

- Define concepts and approaches related to MEAL
- Design and use main MEAL tools (MEAL Plan, survey tools, evaluation report, accountability mechanism)
- Apply the MEAL approach in the implementation of humanitarian projects and programs.

TRAINING COURSE PROGRAMME

Week 1: Quality approach and principles of a MEAL system
Week 2: Monitoring indicators and collecting data
Week 3: Evaluation: humanitarian assessment and formulation of recommendations
Week 4: Accountability and feedback mechanisms

PROFILE

This training is for you if:

- You are responsible for monitoring and evaluation and want to develop your knowledge of MEAL tools and approaches.
- You are a field coordinator or project manager and want to improve your skills in MEAL principles and tools.
- Ideally, you are already familiar with the humanitarian sector and the main tools and challenges of the project cycle (logical framework, etc.).

Prerequisites: none

Bioforce training courses are accessible to people with disabilities: a representative is responsible for welcoming, monitoring, and supporting people with disabilities before and during the Bioforce training project.

APPLICATION

Step1: application
Click on the "Register" button at the bottom of this page, and complete the form. You will then receive an email (remember to check your Spam folder) giving you access to your Application Platform, where you can complete your application and pay your training fees (or download your training funding agreement). Get a video preview of your Application Platform
Please note:
• The application deadline is two weeks before the start of the course.
• Given the limited number of places available, we recommend that you apply as early as possible (particularly if you intend to benefit from financial support).

Step 2: registration
Once we have received payment of the training fees (or funding agreement), and subject to availability of places, you are registered! You will then receive confirmation by e-mail, including all the practical details of the training course (location, detailed schedule, etc.). Enjoy your training!
